La Lampa

Lalampa

DECORATIVE LUMINAIRE DESIGN AND MANUFACTURER

Our biggest mission as a decorative lighting manufacturer is to challenge the identity to create innovative and timeless designs and maintain the balance somewhere between manufacturing and art.

BRAND

LaLampa has established itself as a brand with meaning since its launch in 2008. Its atmospheric and shape-oriented products put time on hold and give the object a deserved identity.

DESIGN

LaLampa is known for its clean lines, natural materials, and minimalism. It is a visually relaxing style that focuses mainly on form and function, and it uses natural, monochromatic art and cozy textiles to liven up the space.

TECHNOLOGY

We put material to work and focuses on the shape at its core. We are constantly exploring new manufacturing methods, technology and materials to make our design smarter, more sustainable, more efficient and more accessible.

SERVICES

We work closely with architects, lighting designers, engineers and interior designers around the globe. Our expertise extends to all aspects of commercial, residential, and institutional construction interior fixture design manufacturing supply in both private and the public sectors.
